Hi Jill, The 9th and 10th don't work for me – I'm in a two-day course and we are moving our offices on July 11th. I will let you know about the 18th once I check various schedules. We are still working with our HQ on the report.

Hi Betsy. Before I send to you our comments on DOI's April 2019 FS Assessment Report, can you give me a sense of whether there were any game-changing concerns EPA might have with the 2019 DOI report? Also, my managers have indicated that I should set up a conference call between EPA, its risk assessors and the SRP case team in order to discuss the report and to discuss any comments EPA has on that document.

Let me know what dates might be best for you in the next week or so for this. The following dates work for Steve Byrnes and I for a conference call:

Tuesday - July 9th in the afternoon
Wednesday - July 10th in the afternoon
Thursday – July 18th in the morning

Let me know if these, or any other dates and times will work for you. Thanks! - Jill
